ABOUT US

Global Haltech is a group that offers a "TOTAL HALAL TRADE ECOSYSTEM" which serves as a market connector linking far east producers to the world.

VISION

To form a Global Halal Trade Ecosystem through the engagement of global communities prospering the global Halal market.

MISSION

To uphold the sanctity of the Global Halal Trade Ecosystem through Halal testing, Halal proficiency and Halal services & products

MOTTO

Trust But Verify

CORE VALUES

Innovation, Integrity & Quality

QUALITY POLICY

Global Haltech Sdn Bhd is committed to spearhead and become market leaders in setting of global standardization and positioning in the halal industry by providing total halal ecosystem with innovative solution for local & global trade.

With our tagline and motto 'Trust but Verify', we bring upon the world concept of halal value chain 'from lab to shelf' which enables businesses to enter and prosper through systematic and sustainable approach via integration of halal capacity development, testing & verification, tools of trade as well as publication and media channel.

At Global Haltech Sdn Bhd, we shall:

Establish objectives and measures set the achievement of our vision by executing effective management system for continuous improvement.

Delivery quality services of development, testing and tools of trade in an efficient manner so as to exceed customer expectation while maintaining safe, productive and positive work environment.

Seek to understand our customer's business requirements and cultivate long term with Business Association and Strategic Partner in a collaborative environment.

Apply process and control to minimize any risk associated with our activity.

Strengthen our core competencies through advance knowledge management

Comply with applicable statutory and regulation requirements related to the ecosystem.

PROVIDES AN END-TO-END ECOSYSTEM

INNOVATION . INTEGRITY . QUALITY

- 1 VALIDATE** One-stop Halal, Toyyiban and Ethical Testing
- 2 EDUCATE** Engaging global communities and industry through education and training
- 3 TRADE** Buy and sell on the global halal verified B2C and B2B lifestyle marketplace

OUR CREDENTIALS

HALAL & AUTHENTICATION

Halvec Laboratories Sdn. Bhd. (Halvec) operates as an ISO 17025 accredited service laboratory in Malaysia. Our laboratory offers testing and verification services covering the scope of Halal Testing, Toyyiban Testing, and Ethical Testing. Being accredited with ISO 17025 which ensures accuracy, integrity, and reliability of the results, our team is at the forefront of Halalan Toyyiban testing technology. We constantly advocate the highest standards and competency by participating in official proficiency testing and interlaboratory programs regularly.

VISION

To be the world's leading centre in Halal testing and verification to validate and assure end-to-end Halal integrity is maintained throughout the entire supply chain.

MISSION

To establish international and industry standard method and reference materials for Halalan Toyyiban testing.

To collaborate with private and government agencies in driving the Halal industry through development, implementation and enforcement of policies, guidelines, accreditation, and compliance relating to Halalan Toyyiban testing and verification.

To facilitate Halalan Toyyiban testing and verification through consultation service and training.

SERVICE PACKAGE A ISO 17025: CERTIFICATION OF ANALYSIS (COA)

As one of JAKIM's Panel Lab, we offer professional service in providing test analysis reports for your products to facilitate the certification process of HALAL, HACCP, Food labeling, etc. This includes the testing of the critical ingredients i.e collagen/gelatin with recognized method and efficient delivery lead time.

Halal Testing

Porcine Detection via DNA Analysis (PCR & Real-time PCR)

Porcine Detection via Immunoassay Analysis (ELISA)

Porcine Screening via PorcineTrace Rapid Test Kit (Strip Test)

Alcohol Detection (GCFID-HS)

Sertu QC Service

Cosmetic Ingredient Screening through ELISA

Toyyiban (Safety) Testing

Microbial Test

Aerobic plate count, total yeast & mold count, coliform, E.coli, Salmonella, Staphylococcus aureus

Heavy Metal Analysis

Arsenic (As), Cadmium (Cd), Lead (Pb), Mercury (Hg), Antimony (Sb), Vanadium (V), Chromium (Cr)

Ethical Testing

Nutritional Labeling Test (Proximate Analysis)

Carbohydrate, Preservative, Sweetener, Vitamin analysis.

SERVICE PACKAGE B SEAL VERIFICATION SCHEME (SVS)

A "verified by Halvec" seal is the brainchild of Halvec which strengthens the quality of your products, helping you to build your product's reliability and trust in the local and global market.

FUTURE SERVICE

ISO 17043: LAB PROFICIENCY TESTING PROGRAM (PT)

PT scheme is intended for verification of Halal QC or lab's competency

Beneficial for participants to proof competency and verification of method used in Halal analysis

ISO 17034: CERTIFIED REFERENCE MATERIAL (CRM/RM)

For laboratories, factories and research institutes

CRM/RM is intended for use as Certified Positive Product (CPP) in procedure for identification of porcine

Beneficial for integrity of Halal & Toyyan QC

PRODUCT

1 rapid test ✓HALKIT

RAPID TEST HALKIT is designed specifically for porcine antigen determination test in food samples.

Product Code	Product Name (20 reactions per kit)
HTRK-01-020	Porcine Meat (Raw) Halkit; LOD: 0.05%
HTRK-02-020	Porcine Meat (Processed) Halkit; LOD: 0.5%
HTRK-03-020	Porcine Meat (Surface) Halkit; LOD: 0.5%
HTRK-04-020	Porcine (Gelatin) Halkit; LOD: 1%
HTRK-05-020	Porcine (Fat/Oil) Halkit; LOD: 1%

2 sertwo ✓HALKIT

SERTWO HALKIT is a fast screening test for porcine contamination from meat-based samples.

Product Code	Product Name (20 reactions per kit)
HTRK-06-020	Porcine Meat (Sertwo) Halkit; LOD: 0.5%

3 elisa ✓HALKIT

ELISA HALKIT is designed using sandwiched immunosorbent assay principle to specifically determine porcine antigen in samples.

Product Code	Product Name (20 reactions per kit)
HTEP-01-096	Porcine Meat Detection Halkit; LOD: 0.1%
HTEP-02-096	Porcine Gelatin Detection Halkit; LOD: 0.5%
HTEP-03-096	Porcine Fat/ Oil Detection Halkit; LOD: 0.5%

4 dna extraction ✓HALKIT

DNA EXTRACTION HALKIT is designed for rapid and efficient purification of genomic DNA of raw & processed food from plants, animal or mixed origins.

Product Code	Product Name (96 reactions per kit)
HTDE-01-100	DNA Extraction Halkit I (Meat-based products)
HTDE-02-100	DNA Extraction Halkit II (Highly processed products)

5 dna detection ✓HALKIT

DNA DETECTION HALKIT is specifically designed for the target detection of domesticated pig and wild boar in food samples. It is highly sensitive for ingredients authentication.

Product Code	Product Name (96 reactions per kit)
HTDD-01-100	Porcine DNA Real-time PCR Halkit I (Multiplex Detection) LOD of pure DNA template at 0.0002 ng/μL
HTDD-02-100	Porcine DNA Screening Real-time PCR Halkit (Plant/ Vertebrate Origin) LOD of pure DNA template at 0.01 ng/μL
HTDD-03-100	Porcine DNA Real-time PCR Halkit II (Porcine Specific Detection) LOD of pure DNA template at 0.0002 ng/μL
